SUMMARY

Highly motivated full-stack web developer with a proven record in designing scalable and user-focused digital experiences using technologies like React, Next.js, Node.js, Express, MongoDB, and Tailwind CSS. Passionate about bridging the gap between intuitive frontend design and robust backend architecture, I bring hands-on project expertise—from dynamic admin dashboards to engaging portfolio sites—to every challenge.

SKILLS

HTML CSS JavaScript React.js Next.js Node.js Express.js MongoDB Mongoose Redis
Tailwind CSS SQL User Authentication Payment Gateway Integration Deployment (Render) Github

PROJECTS

E-commerce website- Iushkart [↗](#)

Dec 2024 - Apr 2025

- Designed and developed a fully functional e-commerce platform using **React, Node.js, MongoDB, Agenda, Express, and Tailwind CSS**.
- Integrated **payment gateway** and **user authentication** to ensure seamless transactions and secure user access.
- Deployed the site on **Render**, optimizing performance and accessibility.
- Implemented **user review management**, allowing customers to provide feedback on purchased products.

Admin Dashboard Lushkart [↗](#)

Dec 2024 - Apr 2025

- Engineered an intuitive admin dashboard for Lushkart, streamlining back-end management including product updates, order tracking, and user data oversight.
- Developed a dynamic user interface using **React** in tandem with **Node.js** and **Express** to ensure responsive and efficient administrative operations.
- Integrated **Multer** for robust file upload handling and leveraged **Cloudinary** for optimized image storage and management, enhancing asset efficiency.
- Effectively managed application state with **Redux** and utilized **MongoDB** as the primary database, complemented by **Agenda** for scheduling background tasks.

React, Node js, Express, Multer, Cloudinary, MongoDB, Tailwind, Agenda, Redux.

Portfolio [↗](#)

Apr 2025 - Apr 2025

- Developed a personal portfolio website to showcase your full-stack projects and web development skills.
- Leveraged Next.js for dynamic routing, server-side rendering, and improved SEO, resulting in a fast and scalable site.
- Designed a responsive, modern interface that adapts seamlessly across devices, enhancing user experience.
- Crafted a unique visual brand, highlighting key projects and technical competencies in a clear, engaging format.
